FINAL REPORT

OF

THE ELECTORAL BOUNDARIES COMMISSION

OF

THE PROVINCE OF ALBERTA

1983/84

Introduction

The Electoral Boundaries Commission, established pursuant to the Electoral Boundaries Commission Act, Revised Statutes of Alberta, 1980 Chapter E4 and Amendments thereto, submits this Report pursuant to Section 8(1) of the Act, containing amendments made by the Commission to its Interim Report of July 10, 1984. A copy of the aforesaid Statute is attached as Appendix "A".

Circulation of the Interim Report

The Interim Report was distributed to the Office of the Lieutenant Governor, the Office of the Premier, and all Members of the Legislative Assembly on July 11, 1984. Additionally, in the initial distribution, copies were provided to each of the eight registered political parties, all persons and organizations who had submitted recommendations and suggestions for consideration by the Commission in the development of the Interim Report, the Legislature Library, Provincial Archives, the Legislature

Press Gallery, as well as all Returning Officers. A total of 492 copies of the Interim Report were circulated throughout the Province.

The Interim Report was also published in full in the Alberta Gazette dated July 14, 1984.

Public Hearings

The Commission held Public Hearings at the following places on the dates shown:

August 27, 1984	Grande Prairie	2.00 p.m.
August 28, 1984	Athabasca	2.00 p.m.
August 28, 1984	Edmonton	7.30 p.m.
August 29, 1984	Red Deer	2.00 p.m.
August 29, 1984	Calgary	7.30 p.m.
August 30, 1984	Vulcan	1.30 p.m.

Notice of the Public Hearings was published in appropriate daily and weekly newspapers in the form shown as Appendix "B". In addition, during the week of August 20, 1984, spot advertisements concerning the Public Hearings were aired on the broadcast media in the area of each of the Public Hearings.

Submissions at Public Hearings

Nine (9) submissions were received in Grande Prairie, 10 in Athabasca, 20 in Edmonton, 12 in Red Deer, 8 in Calgary, and 4 in Vulcan. All submissions received,

whether oral or in writing, were duly recorded and were given careful consideration by the Commission at a special meeting called for the purpose of reviewing all input then received, including all submissions from the Public Hearings.

At Grande Prairie the submissions, in the main, expressed objection to the proposed easterly relocation of the extreme south-east boundary of the Dunvegan (Spirit River-Fairview) electoral division so as to be co-terminous with the west bank of the Smoky River.

At Athabasca the submissions, in the main, expressed objection to the Commission's proposed inclusion of the Westlock-Pibroch area in the newly created rural electoral division of Sturgeon and, to a limited extent, inclusion of the general Lac La Biche area within the Athabasca electoral division. Representations were made by the Town of Lac La Biche requesting that it be included within the Athabasca electoral division and also that the Conklin area be included with Lac La Biche in the restructured riding.

At Edmonton the submissions centred around the Commission's proposed boundary revisions for Edmonton Mill Woods, Edmonton Avonmore, Edmonton Whitemud, Edmonton Parkallen and Edmonton Jasper Place. In addition, submissions were made with respect to Stony Plain, the extreme south-west corner of Redwater-Andrew, St. Albert, Sherwood Park, Wetaskiwin-Leduc and Drayton Valley. Representations from the City of

Leduc expressed the desire to be contained in a riding separate from the City of Wetaskiwin.

At Red Deer the submissions, in the main, expressed objection to the proposed inclusion of the adjacent rural areas within the boundaries of the proposed Red Deer North and Red Deer South electoral divisions. In addition, a submission was received from the City of Wetaskiwin for the creation of an electoral division encompassing the area of the present County of Wetaskiwin together with the entire Hobbema Indian Reserve. Submissions were also received in Red Deer in objection to the Commission's proposal to include the Trochu-Torrington area in the Innisfail electoral division.

At Calgary the submissions, in general, concerned rural matters. Strong objection was expressed to the proposed extension of the north boundary of the Little Bow electoral division so as to include therein the general Shepard, Indus, Dalemead and Carseland areas. Additional representation was made respecting the Trochu-Torrington area with the request that this area remain in the Three Hills electoral division.

At the Commission's final Public Hearing in Vulcan on Thursday, August 30th, further and broadly sponsored objections were raised to the extension of the north boundary of the Little Bow electoral division beyond the south bank of the Bow River, except for the area included within the

boundaries of the Blackfoot Indian Reserve.

The Public Hearings were reasonably well attended, the submissions were well presented and were made by or on behalf of Municipal entities, organizations and citizens, including Members of the Legislative Assembly, all of whom were genuinely interested in the Commission's recommendations and their impact on the local areas affected.

The Commission is proposing a number of amendments in response to submissions made to it at the Public Hearings. In a number of instances no changes are proposed. As regards the latter, while views contrary to those expressed by the Commission in its Interim Report have acknowledged merit and in a number of instances enjoyed considerable local support, it is the unanimous conclusion of the Commission that its amendments to the electoral division boundary changes proposed in the Interim Report are to be limited to those following, all of which are considered valid and appropriate.

Amendments to the Interim Report

After careful consideration of the views expressed at the Public Hearings and in correspondence received by the Commission since the release of the Interim Report, the Commission unanimously recommends the following amendments to the proposals contained in its Interim Report:

(Note - the following boundary changes are to be read in relation to boundaries for electoral divisions as proposed in the Commission's Interim Report and NOT in relation to existing electoral division boundaries except only in cases where no previous change for such boundary was proposed by the Commission in its Interim Report)

- Athabasca-Lac La Biche/Fort McMurray - the boundary between Athabasca-Lac La Biche and Fort McMurray is extended north from the 19th base line to the 20th base line thereby including Conklin in Athabasca-Lac La Biche;
- Banff-Cochrane/Highwood - the boundary between Banff-Cochrane and Highwood is revised to include all of the north-west corner of MD31 in Highwood;
- Calgary Forest Lawn/Calgary Montrose - the boundary between Calgary Forest Lawn and Calgary Montrose is changed so that all of the community of Abbeydale is included in the Calgary Montrose electoral division;
- Clover Bar/Sherwood Park - the north boundary of Sherwood Park between Sherwood Park and Clover Bar is moved north to be co-terminous with the County of Strathcona Urban Service Area boundaries for Sherwood Park;

- Drayton Valley/Whitecourt - the boundary between Drayton Valley and Whitecourt is moved north to include the community of Tomahawk in Drayton Valley;
- Drayton Valley/Stony Plain - the boundary between Drayton Valley and Stony Plain is moved south to the North Saskatchewan River to be co-terminous with the boundary of County 31 south of the Town of Stony Plain;
- Drumheller/Little Bow/Bow Valley - the boundary between Drumheller and Little Bow is reinstated at the Bow River excepting as regards the portion of the Blackfoot Indian Reserve lying north of the Bow River and a small strip in the Gleichen, Cluny and Crowfoot areas, which latter areas remain included within the Little Bow electoral division. Other areas to the north of Crowfoot revert to the Bow Valley electoral division;
- Edmonton Avonmore/Edmonton Mill Woods - the boundary between Edmonton Avonmore and Edmonton Mill Woods is revised to follow 23rd Avenue commencing at the CPR tracks east to 66 Street and north on 66 Street to Whitemud Drive and east along Whitemud Drive and its extension to the current city limits;

- Edson - The Commission proposes that the name of this electoral division be changed to West Yellowhead;
- Grande Prairie/Edson (West Yellowhead) - the boundary between Grande Prairie and Edson is revised to extend the southern boundary of Grande Prairie south along the Smoky River to the north boundary of TP58 and thence west to the Provincial border;
- Innisfail/Three Hills - the boundary between Innisfail and Three Hills is moved north to the section line 2 miles north of Trochu thereby reinstating the communities and adjacent areas of Trochu and Torrington into the Three Hills electoral division;
- Lloydminster/St. Paul - the boundary between Lloydminster and St. Paul is revised so as to include all of County 19 south of the North Saskatchewan river in the St. Paul electoral division;
- Stettler/Chinook - the south boundary of Stettler between Stettler and Chinook is moved south so as to include the community of Endiang and its surrounding area west of Sullivan Lake in the electoral division of Stettler;

- Wetaskiwin-Leduc/Drayton Valley - the south west boundary of Wetaskiwin-Leduc between Wetaskiwin-Leduc and Drayton Valley is revised so as to include the community of Pipestone in the Wetaskiwin-Leduc electoral division;

Excepting as to the foregoing no further or other changes to boundaries proposed in the Interim Report are recommended by the Commission in this its Final Report.

Final Proposal - Boundary Descriptions and Maps

The boundary descriptions and maps of the proposed 83 electoral divisions are attached hereto as Appendix "C". An asterisk (*) following the word "proposed" on any map will indicate that a change is proposed for the boundaries of the referenced electoral division from that indicated in the Interim Report.

Large scale maps of each of the 83 electoral divisions proposed in this Final Report and of the Cities of Calgary and Edmonton, as well as a small map of the entire Province, are available free of charge on request from the Secretary, Office of the Chief Electoral Officer, Main Floor, West Chambers Bldg., 12220 Stony Plain Road, Edmonton, Alberta T5N 3Y4, Telephone 427-7191.

Voter Population

Attached as Appendix "D" is an alphabetical listing

of the 83 proposed electoral divisions for the Province of Alberta showing the pre-Commission voter population as based on the List of Electors from the 1982 General Election and the resulting estimated voter population flowing from the recommendations contained in the Commission's Interim and Final Report. It is to be understood that the estimated voter population does not take into account any voter population shifts since November 1982 nor minor variances that may result from poll splitting.

Publicity - Future Interim Reports

It became apparent to the Commission in the course of conducting its Public Hearings in the various areas of the Province that there was a general feeling that the proposals of the Commission, as contained in its Interim Report, were not being adequately communicated to the general public. It is recommended, for consideration by future Commissions, that in addition to the circulations referred to earlier in this Report, the Interim Report be distributed to all governmental levels within the Province and that proposed significant changes to electoral boundaries be clearly enunciated, through appropriate words and maps, in the local press.

Acknowledgements

In submitting this Report the Commission wishes to

express its sincere thanks and appreciation to the members of the planning staffs of the Cities of Edmonton, Calgary, Red Deer, St. Albert, Lethbridge, Medicine Hat and the Hamlet of Sherwood Park for their presentations and communications to the Commission and to the various organizations, entities and individuals who made either oral or written representations which were of immeasurable value to the Commission in shaping both its Interim and Final Report.

In addition, the Commission expresses its appreciation to the Alberta Bureau of Surveying and Mapping for the excellent support provided by its Director and staff in the preparation and provision of maps and legal descriptions.

Extraneous Public Input

In the course of completing its work, and in particular as a result of the Public Hearings held by the Commission in various parts of the Province, several matters of concern were brought to the attention of the Commission.

With respect to such matters, the Commission informed the sponsoring citizens or organizations that the Commission had no authority to make recommendations beyond its terms of reference, but undertook to pass along their concerns to the Legislature, without attempting in any way to evaluate the merits of same. A two page listing of these items can be found following Appendix "D", but such listing is not to be construed as a formal part of this Report.

The foregoing Report and the attached Appendices are hereby respectfully submitted. Dated at the City of Edmonton this 15th day of October, 1984.

Sparsely populated areas

18(1) As far as is practicable, the Commission shall establish the boundaries of the proposed rural electoral divisions so that all proposed rural electoral divisions are as nearly as possible equal in voter population, but in dealing with the more sparsely populated areas of Alberta the Commission shall endeavour to avoid establishing proposed rural electoral divisions that are larger than the existing electoral divisions in those areas.

Listing of Extraneous Input

Submitted to the Electoral Boundaries Commission 1983/84

As indicated in the Final Report prepared by the Electoral Boundaries Commission and submitted to the Speaker, the following represents certain extraneous public input submitted to the Commission during the course of the Public Hearings and which concerns matters involved with the electoral process in the Province of Alberta, but is outside the terms of reference of the Commission.

The submissions included the following:

a) proposals questioning the need to expand the number of electoral divisions from 79 to 83 in view of the added costs involved in this additional representation and the lack of evidence that additional representation is required when comparing voter population/representation in Alberta and other Provinces such as British Columbia, Ontario and Quebec;

b) recommendations and suggestions that a more equitable system of voter representation be clearly spelled out in Part 2 of the Electoral Boundaries Commission Act. Proposals included the setting up of a separate Commission or body to review the urban-rural mix and the need to make electoral boundaries and local County and

Municipal District boundaries co-terminous wherever possible. In addition, it was recommended that the Rules in Part 2 of the Statute should be expanded to apply the "25 percent above or below average" formula to both urban and rural electoral divisions;

c) recommendations that a new classification of urban/rural electoral division be recognized in the Act to provide for those rural areas containing a densely populated municipality, i.e. Grande Prairie, Fort McMurray.
